

**CITY OF EDINBURGH COUNCIL (PORTOBELLO PARK) BILL**

**OBJECTION 37 – SANDRIA J GILLON**

**This objection was signed by the objector and reproduced in typed (electronic) form by the clerking team**

I am objecting to the above Private Bill in full on the following grounds:

1. I will lose open space on which I regularly exercise.
2. There will be a loss of open land which will impact on wildlife.
3. I object on the grounds that the passing of the Bill will set a precedent for other green space in Scotland.
4. There are alternative brownfield sites on which the school could be built.

My interests will be adversely affected in the following ways:

1. It will affect my ability to take exercise on my doorstep thus affecting my health.
2. My outlook will be negatively affected by the loss of trees and open space.
3. There will be noise pollution and litter pollution in my street.
4. The value of my property will be affected.
