

PE1595/Y

Vivienne and Eric Parry Email of 18 January 2016

Dear Sir/Madam

Ref: PE1595

My husband and I wish to add our support to the above petition. As volunteers with visually impaired and disabled people we are very concerned with the proposal to have shared space in Kirkintilloch. Even as able bodied over 70's we are concerned about crossing the road and agree with all the arguments which are continuously being put forward against shared space.

We also give consent for our submission to be posted on the Parliament website.

Regards

Vivienne and Eric Parry
