Alan Goodwin Email of 7 November 2014

This letter is to express my strong support for this petition against “evolution denial” and “separate creationism” being taught as legitimate science in Scottish schools. I am not directly involved with the system, but I do have three grandsons attending school in Scotland. I trust that they will be guaranteed an honest and 'evidence based' science curriculum.

Yours faithfully

Alan Goodwin MPhil,BSc,FHEA,CChem,FRSC
Visiting Research Fellow, Division of Chemistry and Materials, Manchester
Metropolitan University
