### **Section F – Motions and Amendments**

Motions and amendments are normally printed the day after they are lodged. If an amendment is lodged to a motion then the original motion will appear alongside the amendment, along with any support lodged that day, in this section.

Each Monday, this section also contains all motions and amendments lodged the previous week that are still live and any motions and amendments that have been lodged for debate in the coming week. A motion or amendment is live if it has not been debated, withdrawn or otherwise deleted from the list.

Where a motion or amendment has been withdrawn, it is indicated in this section the day after it has been withdrawn. Support for motions and amendments received after they are lodged is shown at the end of this section the day after such support is received.

Motions and amendments can be published with various symbols:

- Asterisks before the motion or amendment number indicate a motion or amendment published for the first time;
- Asterisks also identify alterations to the text of a motion or amendment made since it was first published;
- A hash symbol identifies motions eligible for debate at Members' Business;
- A diamond symbol identifies motions lodged for Members' Business that have not yet attracted the required cross-party support;
- An "R", identifies motions or amendments in which the Member who lodged it has a registrable interest.

The Parliamentary Bureau periodically deletes motions or amendments not scheduled for debate and which are over six weeks old.

A search facility is also available on the Scottish Parliament web site at <http://www.scottish.parliament.uk/parliamentarybusiness/28877.aspx>.

Any questions in relation to this section should be directed to the Chamber Desk, for which contact details are provided at the end of the Bulletin.

## Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no indication is given that the Scottish Government or UK Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/12419.aspx>

### Current Final Proposals

Names marked with an asterisk (\*) are new names of support. Where a proposal has secured the necessary level of cross-party support, the supporters' names are shown in bold.

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in *italics*.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is three sitting days before the meeting at which those amendments will be considered (e.g. Thursday for a meeting on Tuesday); at Stage 3 it is four days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for Stage 2, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
