

CROSS-PARTY GROUP REGISTRATION FORM

NAME OF CROSS-PARTY GROUP

Cross-Party Group on Cancer

PURPOSE OF THE GROUP AND PROPOSED DISCUSSION TOPICS

1. Please state the purpose of the Group.
2. Please also provide a brief explanation of the purpose of the Group and why the purpose is in the public interest.
3. Please also provide details of any overlaps with the purpose of existing Cross-Party Groups and an explanation of why, regardless of any such overlap, the Group should be established.
4. Please also provide an indication of the topics which the Group anticipates discussing in the forthcoming 12 months.

1. The purpose of the Group:
 - To act as a channel of communications between the Scottish Parliament and people and organisations working in cancer research, treatment, care and prevention.
 - To identify areas where inequalities exist in the provision of cancer care and campaign for their improvement.
 - To provide opportunities for MSPs to learn about the latest Scottish and international cancer research and to learn about cancer care needs and services, including the views of both patients and carers.
2. By examining areas of policy and service provision, including both the allocation and the effective use of resources, the group hopes to highlight where there may be inequalities of practice or standards of care and to make representations for effective and timely actions – to the benefit of cancer patients in Scotland.
3. This is the only CPG that covers the full range of cancers across the cancer pathway.
4. Topics which will be discussed in the first 12 months of the group are likely to include, but are not limited to:
 - Cancer screening
 - Cancer prevention
 - Cancer patient experience survey
 - Data and research
