

Items of Expenditure over £25,000

Continuing its commitment to openness, transparency and accountability, the Scottish Parliament is now publishing details of all items of expenditure over £25,000 on a quarter by quarter basis.

Reports provide details of all items of expenditure over £25,000 in chronological order for the quarter and records:

- The payee
- The amount paid
- The date of the payment
- A description of the payment

It should be noted that the reporting of this expenditure differs from the way in which we account for expenditure in our published Annual and Management Accounts where following the accruals basis items are recorded in the financial period the goods and services are delivered or received.
