

## **FOLLOW-UP INFORMATION FROM PROMOTER TO QUERY FROM GILLIAN DUNN**

Dear Ms Dunn

I write to respond on behalf of the City of Edinburgh Council to your email of 16 April 2014 to Gillian Tee.

At the Bill Committee meeting on 26 March 2014 you asked for information on the level of support for the Bill in “the Christians scheme”. Mr MacIntyre advised that he required you to define clearly what properties fell within the area you had in mind. Mr MacIntyre is well aware of the location of the Christians, but it would have been inappropriate for him to simply make assumptions about the precise delineation of the area for which you wanted information. He therefore asked you at the time to provide the required definition to ensure he provided the exact information you were looking for. You agreed to provide that.

As you have now provided that definition via Ms Tee, we can confirm the information you requested. There were a total of 262 valid responses to the consultation from respondents who lived in one of the streets you identified in your email, being:

Christian Crescent  
Christian Grove  
Brand Drive  
Brand Gardens  
Hope Lane

Of this total 83 (31.7%) supported the Council proposals; 177 (67.5%) did not support the Council proposals and 2 (0.8%) expressed no opinion.

A copy of this email will be sent under separate cover to the Committee clerks.

Regards  
**Charles Livingstone**  
Associate  
On behalf of Brodies LLP
