This timetable has been updated from that agreed at the Committee's meeting on 26 February and takes account of requests from objector groups to provide oral evidence on dates other than those for which they were originally scheduled.

The Committee has sought to accommodate all such requests and believes that the grouped approach on 26 March is the best way to meet the requirements of the Committee's timetable while attempting to ensure that all participants have the opportunity to be fully heard.

It is not the intention that there will be further revisions to the timetable.
