

CITY OF EDINBURGH COUNCIL (PORTOBELLO PARK) BILL

WRITTEN SUBMISSION FROM SANDRA GORDON

This is a written submission on the general principles of the above Private Bill.

1. The bill if it becomes law will set a precedent and provide an easy route for other local authorities to appropriate common good land for other purposes - putting open space and common good land across Scotland at risk.
2. The law has ruled that building on the Park is illegal and this ruling should be respected.
