**Supplementary Legislative Consent Memorandum on the Anti-social
Behaviour, Crime and Policing Bill**

Supplementary written submission from Police Scotland

**Section 100 of the Anti-social Behaviour, Crime and Policing (ASBC&P) Bill -
Offence of Possessing Firearm for Supply etc.**

I refer to your invitation to comment on the use of a LCM in relation to the provisions contained within the ASBC&P Bill in respect of firearms offences.

Having reviewed the relevant section, I believe that a LCM is appropriate in this case.
