

JUSTICE COMMITTEE

HATE CRIME AND PUBLIC ORDER (SCOTLAND) BILL

SUBMISSION FROM LEE MANLEY

This bill you have trying to execute into law. Is a massive breach to human rights.

This allows people to meddle with subjective and moral standards to be infused with something that should be for objective wrongdoing.

One persons offence is not the offence of a hundred. This a serious offence by the SNP government which i suspected you would expand the hate laws. This is authoritarian and borderline fascist. The first thing a fascist/authoritarian government does when in power is control the speech of it's citizens.

You also did not ask the Scottish people. You brought lobbyists as yes-men who already support the speech laws. And would support this. You are dishonest to say "Scottish people".

SNP will never have my vote, i will share this law. And i can suspect, a hundred more Scots despising thus bill
