47. Will there be any impacts during the transitional period between ending the current theatre licence and starting the public entertainment licence?

Where local authorities have not included theatres in their resolution for public entertainment provision there will be a lengthy period of time to get these amended, therefore the transitional period should have regard to this.

There will be conversions costs to theatres in obtaining new licences and costs associated with updating resolutions for licensing authorities.

49. How should licensing authorities integrate their current fee charging structure into their public entertainment regime?

The whole question of fees relating to the 1982 Act needs to be reviewed and updated.
