

Convener  
Local Government and Regeneration Committee  
Scottish Parliament

[Email only]

30 January 2014

Dear Convener,

### **National Planning Framework 3: Submission of Evidence**

The Aberdeen City and Shire Strategic Development Planning Authority has been actively and positively engaged with the Scottish Government over the preparation of National Planning Framework 3.

This response has been submitted primarily to the Local Government and Regeneration Committee of the Scottish Parliament but has also been copied to the Infrastructure and Capital Investment Committee and the Economy, Energy and Tourism Committee as both have an interest in the issues raised by the response.

I trust that this submission is of use to the parliamentary scrutiny of the Proposed Framework. If you require any further expansion of this submission by way of further written or oral evidence, please contact me at the address above.

Yours sincerely,

David Jennings  
Strategic Development Plan Manager
