Present:

The meeting opened at 10.04 am.

1. **Pow of Inchaffray Drainage Commission (Scotland) Bill:** The Committee considered a written submission from the promoters of the Bill.

The Committee noted the promoter's intention to commission Savills to redraw the land plans, and agreed to invite the promoters to submit an explanatory report, as set out in Committee Paper POI/S5/18/2/1, alongside the new plans. The Committee also agreed to invite the promoters to submit the new plans and explanatory report by 6 April 2018 if possible. The Committee agreed that the issue of whether the Dollerie lands should continue to be exempted is a matter for the promoters to decide. The Committee welcomed the promoter's willingness for the Bill to be amended to allow for three Balgowan section Commissioners, and noted the promoter's intention to use RPI to index-link the annual budget for the purposes of an individual right to appeal an annual budget in excess of £60,000.

The meeting closed at 10.09 am.
