Dear John

Please find attached the Education and Skills Committee's report on [additional support for learning](#). These recommendations are based on our roundtable session on 1st March, your evidence session on 8th March, and the written submissions received by the Committee. Many thanks for giving evidence to the Committee and I hope you find these recommendations constructive. In line with standard practice, I should be grateful for a response to the recommendations made by the Committee by 16th July.

Yours sincerely
