24 March 2021

Dear Lewis,

## **DONATION AND TRANSPLANTATION PLAN FOR SCOTLAND: 2021-2026**

I am writing to let you know that we are publishing the Donation and Transplantation Plan for Scotland: 2021-2026 today. This will be available on the Scottish Government website publications pages, along with an accompanying Equality Impact Assessment of the Plan. As you know, the Scottish Government is committed to increasing organ donation and transplantation.

The Donation and Transplantation Plan for Scotland: 2021-26 has been developed with the Scottish Donation and Transplant Group (SDTG) and makes a range of recommendations across seven priority areas to help increase access to transplantation for those who need an organ or tissue transplant over the coming years.

This plan aims to build on the improvements in donation and transplantation following the recommendations set out in 'A Donation and Transplantation Plan for Scotland, 2013-2020'.

**MAIRI GOUGEON**
