The Scottish Parliament

By email

29 September 2020

Dear Lewis

Following our detailed Quarter One review of financial implications across health and social care, I have confirmed today that funding of £1.1 billion will be made available to NHS Boards and Integration Authorities. This funding recognises additional costs arising from COVID-19 and ensures that our frontline health and care services continue to receive the support required throughout this pandemic.

Details of this funding allocation is set out in the Annex to this letter. I will be happy to discuss this with you in further detail at our meeting this morning, and I will keep the Committee informed as we continue to develop our financial planning for the remainder of this financial year and beyond.

JEANE FREEMAN
