HATE CRIME AND PUBLIC ORDER (SCOTLAND) BILL

SUBMISSION FROM JURGEN GUNNER

The currently proposed hate crimes legislation fundamentally violates the human rights of Scottish citizens further stripping both sovereignty and dignity from all parties involved. This legislation will serve only to increase the centralization of power of the Scottish government but the tools that you propose to create will end up in the hands of your political opposition and will be used against both the purpose that you are creating them for and against you before the fire that you ignite burns itself out. Though I do not think you will listen I strongly advise you to not pursue this legislative course.
