HATE CRIME AND PUBLIC ORDER (SCOTLAND) BILL

SUBMISSION FROM JAMES STANDARD

It is grossly against human rights and has mysogony and all other buzzwords for "hatred" included but dies not include misandry thisnis incredibly sexist. It also means feelings are more important than the right to expression which itself is incredibly fascist. Hate speech should be reserved for calls to action for direct harm agaisnt a person or persons. But insults should never be made illegal. This bill protects everyone but a male. This means men could be hated on without legal recourse. We have seen with the "nazi pug" video context would not matter this fills me with fear which under the current uk law constitutes terrorism. If this bill passes i will never vote snp again.
