

JUSTICE COMMITTEE

HATE CRIME AND PUBLIC ORDER (SCOTLAND) BILL

SUBMISSION FROM ROB JACK

Dear justice committee I am sending you this email because I feel that the new hate crime bill put before the Scottish parliament is a complete denial of human rights and the people ability to voice there concerns with there county without arrest. I also believe this bill is not in any shape or form representative of the Scottish people and their needs. I believe this bill is anti democratic and is border line authoritarian and is only getting put through to silence the voices of all those who wish to discuss different views from the far left SNP who only hold there seats not because of there ability to run this country but a promise to free it but this law will undermine my human rights and the human rights of the 5 million plus people living in Scotland. If you read this I will be very grateful for your time and I hope you see my concerns thank you.
