

JUSTICE COMMITTEE

HATE CRIME AND PUBLIC ORDER (SCOTLAND) BILL

SUBMISSION FROM JOHNATHAN HEWITT

I know you want people like me to shut up for the sake of diversity, but the more you introduce laws like this, the louder people like me will get.

It seems to me, like we are entering a dystopian world very much like described in George Orwell's novel nineteen eighty-four, where anyone who has a different opinion is demonised and often criminalised, just for not agreeing with your version of reality. How long will it be until you endorse book burning?

You are encouraging normal people to turn to obscure partys that do believe in freedom of speech. I suggest that you rethink this policy before the working class and non neo-liberals wake up to what is going on.
