26 June 2018

Dear Cllr Farmer

The Local Government and Communities Committee undertook a comprehensive inquiry into City Region Deals last year, culminating with the publication of [its report on 9 January 2018](#). I am writing to you as Leader of Stirling Council and co-signatory of the Stirling and Clackmannanshire City Region Deal. I have also written to the Leader of Clackmannanshire Council on similar terms.

Following consideration of the [Scottish Government's response to its report](#) and a [Parliamentary debate held on 27 March 2018](#), the Committee agreed to continue to monitor the progress of City Region Deals with the Scottish and UK Governments (the latter of [which responded on 10 April 2018](#)) over the rest of the Session, in particular around—

- Delivery progress;
- Selection processes and transparency;
- Coverage and displacement;
- Monitoring and evaluation.

The first of these evidence sessions took place with Keith Brown, the Cabinet Secretary for Economy, Jobs and Fair Work on 13 June 2018. As you can see from [the Official Report of the session](#), the Committee explored such issues as—

- Differences in funding between the UK and Scottish Government and the priorities of inclusive growth vs gross value added (GVA);
- The lack of a set timetable for the rollout of deals across Scotland;
- How to encourage joint working between councils;
- The availability, going forward, of single deals for smaller local authorities and whether this will disadvantage local authorities which have already joined city region deals;

- How the Glasgow deal is "retro-fitting" project selections to take account of inclusive growth;
- The length of time it has taken to agree a Stirling and Clackmannanshire deal and aspects of funding arrangements proposed by the UK Government in respect of the Stirling and Clackmannanshire deal.

A Scottish Office Minister was unable to attend the meeting on 13 June, however, the UK Government has agreed to send a representative at a later date and the Committee looks forward to arranging this in the near future. In addition to hearing from the UK Government, the Committee agreed at its meeting on 13 June to invite representatives from the Stirling and Clackmannanshire Deal as it is the most recently announced deal following the Committee's inquiry, to explore how lessons have been learned from previously agreed deals. The Committee also proposes to invite representatives of the Glasgow City Region City Deal to discuss with them progress against some of the issues highlighted above.

The Clerks will therefore be in touch with you to discuss possible dates for an appearance before the Committee following the Summer Recess. If, in the meantime, you have any further questions, then please do not hesitate to contact the Clerks on the contact details provided above.

Kind regards,

Bob Doris MSP  
Convener of the Local Government and Communities Committee
