

PE1708/G

NHS Borders submission of 7 August 2019

Menus are clearly marked “vegan” if applicable. In addition NHS Borders has in place arrangements to adapt our menu to cater for vegan diets. We are currently reviewing the wording on our menus making it clearer that many of the main dishes on the menu can be adapted to suit many different diets/requirements. If a dish cannot be adapted we offer an alternative choice. We are also looking at the possibility of changing our vegetarian option so they are suitable for vegans.
